

# SPORTS DOLLY

EGRIPMENT CAMERA SUPPORT

The SPORTS DOLLY is a camera platform that offers a stable and flexible base which is easily transportable to any location that is desired. It consists of a platform upon which a seat support system, camera risers and levelers can be mounted. It is equipped with two wheels which allow it to be rolled into position regardless of the surface grass, sand, cobblestones, gravel, etc.

When the position is realized, the platform is automatically lifted from its wheels and can be levelled at three points.

The SPORTS DOLLY only requires a small amount of space in the transport vehicle and is a must for all crews at sporting events.
